

# Weekday IUC Professional Line

Medical admission and advice for BNSSG

For BRI, Southmead and Weston General Hospitals

Considering an adult  
medical admission or  
needing urgent clinical  
advice?

Call our team of specialist  
clinicians for fast and  
professional input.

## Call: 0117 244 9283

Monday - Friday (8am-6.30pm)

Our team has a decade of experience in the primary/secondary care interface which allows us to support our primary care colleagues by:

- offering clinical advice to facilitate investigation and management of patients with urgent medical problems in the community
- exploring if a hot clinic or community pathway would be an appropriate alternative to admission
- facilitating acute medical admission to Weston General, Southmead and BRI Hospitals
- linking in with IUC in the OOH period to offer face to face assessment/urgent bloods (where this is not possible at the usual GP surgery and will support admission avoidance).
