

"Have you had a letter inviting you to come for Breast Screening?"

What's that all about?

"All women aged 47 to 73 are invited to have their breast checked for breast cancer every 3 years"

**Avon Breast Screening,
Bristol Breast Care Centre**

You and your carers are very welcome to come and have a look around and meet the team. Please phone the Breast Care Nurses and we can arrange this on a Wednesday afternoon.

 **0117 414 7072**
